CAREER

Motivated and detail-oriented Data Science student with strong skills in Python, SQL, and Machine Learning, seeking an entry-level position to apply analytical and problem-solving abilities in real-world projects. Eager to transform data into actionable insights and contribute to data-driven decision-making in a dynamic organization.

EDUCATION

Indus University, Ahmedabad

2022 – 2026

Bachelors in Technology(Information Technology)- CGPA - 9.6

Ahmedabad

Kumkum Higher Secondary School

2020 – 2022

HSC - Percentage - 80%

Ahmedabad

TECHNICAL SKILLS

Languages: Python

Web Technologies: HTML, CSS, JavaScript

Databases: MySQL

Developer Tools: VS Code

PROJECTS

1. Netflix Movie Recommendation System | Technologies Used: Python, ML

Mar 2025

- Built using Python, Pandas, NumPy, and Scikit-learn for data analysis and model development.
- Implemented content-based filtering using cosine similarity to recommend movies similar to the selected one
- Designed and deployed an interactive web interface using Streamlit for seamless user interaction.

2. Tours and Travels Website | Technologies Used: HTML, CSS, JS, React.js

Aug 2025

- Built using HTML, CSS, JavaScript, and React.js for dynamic front-end development.
- Integrated responsive design principles to ensure smooth performance across devices.
- Used Vercel for hosting and deployment, ensuring fast and reliable access.

INTERNSHIP

Indus University

Dec 2024 – Jan 2025

Web App Development

Ahmedabad, Gujarat

- Built responsive and user-friendly web pages using essential web technologies.
- Developed Django-based backend modules, working with routing, templates, and database connectivity.
- Managed project workflow using Git and GitHub, ensuring clean commits and collaborative development.
- Practiced basic web security testing using Kali Linux tools to understand secure development.

QSpiders

Oct 2025 – Present

Data Science Intern

Ahmedabad, Gujarat

- Gained hands-on experience in Python, SQL, Machine Learning, and Power BI.
- Worked on data cleaning, analysis, and visualization for real-world datasets.
- Implemented basic ML models and explored their performance using Python libraries.
- Created interactive dashboards in Power BI to present analytical insights.

CERTIFICATIONS

- Full Stack Web Development Bootcamp – Udemy [Issued: Jun 2024]
- Web App Development and Security [Issued: Dec 2024]

ACHIEVEMENTS

- Qualified** in Smart India Hackathon 2025
- Technical Head** for college technical event “Sparks”, handling all technical and coordination responsibilities.
